

Certifications

CERTIFICATION PROCESS NOW AVAILABLE THROUGH INDIANAPOLIS GESTALT INSTITUTE

CERTIFIED GESTALT THERAPIST / CERTIFIED GESTALT PRACTITIONER

After a lengthy deliberation process (25 years) with the goal of preserving a standard of quality in our Training Programs, the Institute is now offering two (2) certifications, both a process for mastered degreed clinicians (CGT) and a process for lay people who wish to integrate Gestalt theory and practice into their vocation (CGP).

Processes:

GRANDFATHERING: IGI is offering certification to all Graduates from the last 30 years who have completed the 2 Year Training Program. If you are interested, please contact the IGI office and request the brief application form that indicates which certification you are requesting (CGT or CGP).

NEW APPLICANTS: Requirements include completing the 2 Year Program, meeting all program objectives, and completing the application process.

MAINTAINING CERTIFICATION: Ongoing certification does not require additional application process. We are asking that each CGT/CGP complete 12 hours of CEU's (Continued Education Units) per 2 year period that can be attained through the Indianapolis Gestalt Institute, Gestalt Institutes throughout the world, or any Gestalt workshops offered by an approved Health Professions Bureau organization. Please contact our office for a listing/suggestions depending on your area of interest.
